

Breakfast for Dinner, Christmas in July, Half Birthdays...some things are just too enjoyable to be confined to once a year. Be whimsical. Be creative. Defiantly delight in your own happy dance with life. Sure it can have rough moments, but smooth operators like you choose to turn that frown upside down.

Each sings their own favorite tune, and we offer you more than just the best peanut brittle. Peanut, cashew or pecan: the nuts in our gourmet brittle are happy because they're in a members-only club of flavor and texture. Our secret family recipe and unique cookie-like crumble feed your smile *anytime* it needs a snack.

Happiness is a choice.
